Description:

WATSBO is an non-rigid PVC banner with a water-resistant inkjet coating on the frontside. It is possible to print with dye-based and pigmented inks.

You will achieve best results with pigmented inks. To avoid varnish run from splash water or rain, give a shower to the surplus pigments with water. The medium is qualified for outdoor application and can be eyed and sewed.

To avoid breaks, the printed banner should be furred before moving. To avoid fingerprints it is advisable to wear cotton gloves.

Typical Applications:

Exhibition Panels
Banners
Displays
